Education

B.E., Computer Engineering
Kalol Institute Of Technology (GTU)
May 2024 | Kalol, Gujarat
CGPA - 7.51

12th STD, GSHSEB
Ratnamani Higher Secondary School
May 2020 | Shankhalpur, Mehasana, Gujarat
Percentile - 54

10th STD, GSHSEB
Sharda Vidhyamandir
May 2018 | Becharaji, Mehasana, Gujarat
Percentile - 82.32

Experience | Internship

ENBLITZ TECHNOLOGIES | DevOps
Jan 2024 - July 2024 - Ahmedabad, Gujarat
- During my internship, I mastered tools like Linux, Git, GitHub, Docker, Jenkins, Terraform, and Ansible for automation and deployment.
- I worked on subnet configurations, SSH setups, server management, and explored monitoring with Prometheus and Grafana.
- I gained insights into scalable architectures using AWS, equipping me with essential skills for successful DevOps practices.

INFOLABZ IT SERVICES PVT LTD |ReactJS
July 2024 - Aug 2024 - Ahmedabad, Gujarat
- In this internship, I focused on dynamic webpage designing using React, a popular JavaScript web framework essential for full stack development.
- I worked with live APIs to create real-time dynamic web pages, leveraging HTTP concepts and ES6 for data fetching.
- This experience enhanced my skills in integrating live data sources and developing responsive web applications.

Skills

DevOps :
- Linux Administration
- AWS - Cloud Services
- Docker - Containerization
- Jenkins - CI/CD Pipeline
- Terraform - Automation
- Ansible - Automation
- Prometheus, Grafana - Monitoring

Frontend Development :
- ReactJS, Redux, React Router,
- Tailwind css,
- API Integration,
- Html, CSS, JavaScript

Backend Development :
- Firebase
- Basics of NodeJS, Express

Others :
- Core Java, Basic Python & C++

Projects

Health Nest
- ReactJS, NodeJS, MySQL, Docker, Jenkins, Sonarqube

WoodenCraft
- ReactJS, Redux, Firebase, Docker, Jenkins, SonarQube

Weather Web App
- ReactJS

Interests
- Coding, Video Editing
- Self Improvement
- Creative Works
- Travel
- Books & Documentations Reading
